

## Eco-Wash 160™

### A Fast-Acting, Low VOC Ink Wash for Most Screen Printing Inks

#### PRODUCT DESCRIPTION

**Eco-Wash 160** is a fast-acting, low VOC (volatile organic compounds) ink wash for the manual or automated removal of virtually all screen printing inks. **Eco-Wash 160** is especially effective for the removal of both traditional and non-phthalate plastisol and UV inks. **Eco-Wash 160** is stable; it will not separate and does not require re-mixing. It also functions as a remover of fresh ink stains.

#### Features-At-a-Glance

- ▶ Advanced formulation
  - √ effective against a wide variety of screen printing inks
  - √ low ( $\approx 7\frac{1}{2}$  %) VOCs
