

FAST-ACTING HAZE REMOVER GEL

AN INK STAIN AND STENCIL RESIDUE HAZE REMOVER

Fast-Acting Haze Remover Gel is a solvent-based ink stain and stencil residue haze remover for manual use.

INSTRUCTIONS

Step 1: REMOVE INK AND STENCIL

Remove ink with the proper ink solvent, as recommended by the ink manufacturer. Remove the stencil with a commercial stencil remover. Rinse thoroughly with water.

Step 2: APPLY FAST-ACTING HAZE REMOVER GEL

Brush **Fast-Acting Haze Remover Gel** vigorously on both sides of the screen. Wait no more than 5 – 10 minutes before rinsing.

Step 3: RINSE THE SCREEN

To prevent chemical splashbacks, flush the screen thoroughly with low pressure water, then use a commercial power spray unit to remove ink stains and stencil residues.

CAUTION

Avoid contact with eyes and skin; wear gloves, goggles, and protective clothing when using **Fast-Acting Haze Remover Gel**. Work in a well ventilated area; do not breathe the fumes; note exposure limits and wear respiratory protection if they are exceeded. Refer to the Material Safety Data Sheet for additional information.

PRODUCT DATA

Flash point: >200° F.
Vapor pressure: <0.1 mm. mercury at 20° C.
VOCs: 3.85 pounds/gallon (462 grams/liter)
TLV: 2 mg./m³ ceiling sodium hydroxide
HMIS ratings: Health: 2
Flammability: 1
Reactivity: 0
Color: pale yellow – milky white
Shelf life: 1 year at 68° F. (20° C.)
Disposal: **Fast-Acting Haze Remover Gel** can generally be washed down drains and is biodegradable in adapted waste-water treatment facilities, but this should be verified with a review of the Material Safety Data Sheet with local authorities.
